Grand Total				_____

**RETURN VIA EMAIL TO: KRISTIN ADLER @ [Kristin.Adler@freeman.com](mailto:Kristin.Adler@freeman.com)**

Please indicate on the grid below the exact placement of light fixtures to be installed in your Salon. Additional light fixtures are priced by fixture - NOT by track. Tracks will be provided per the placement of the fixtures you indicate on the diagram. Please show the provided fixtures along with the additional fixtures you are ordering so we know exactly where you want all your lights to be. Any changes or adjustments after installation will incur additional electrical labor charges. Additional electrical service will be required for orders exceeding (2) additional light fixtures. Please see the Edlen Electrical Order Form to order additional electrical service and labor to install additional fixtures. Use the following symbols to indicate fixture placement:

- O = White Star Light Placement (upgraded bulbs used for this year's salon package lighting)
- X = Metal Halide Light Placement (comparable to last year's Diamond lights)
