POV & Cart Service and Hand Carry Freight Information

To help efficiently manage the move-in and move-out of this event, Freeman will offer POV Cart Service. Additionally, an exhibitor may hand carry material provided they do not use material handling equipment to assist them. When exhibitors choose to hand carry material, they may not be permitted access to the loading dock/ freight door areas.

Please read the information below carefully to confirm qualifications, availability, and directions.

POV & Cart Service

Definition

Privately Owned Vehicles are defined as cars, pick-up trucks, vans, and other trucks primarily designed for passenger use, not cargo or freight. Vehicles that do not qualify for this service, or that have material that requires mechanical assistance to unload, will be directed to the loading docks or Freeman Marshalling Yard.

Workers equipped with a flat cart scooter will assist exhibitors with unloading. Each cart will handle a load approximately 3' wide x 4' long x 3' high. Freight must not exceed 300 lbs. For safety reasons, it will be the judgment of the freight supervisor if the load can go higher than 3 feet. Cart Service includes storage of empty cardboard/product boxes at no additional charge. Empty stickers for your cartons and cases will be provided for this service.

Rates

This service is available at a round trip rate of \$194.25 per trip (from the dock to the booth and the booth to the dock).

Directions

To receive this service, proceed directly to the designated [POV Check-in area](#) for staging, checking in, processing paperwork, and determining if vehicles are qualified for Cart Service. There will be signage posted to direct you.

Two people must be with the vehicle - one to accompany the product to the booth and one to remove the vehicle from the area.

The determination of Cart Service versus Material Handling will be made at the discretion of Freeman management. Any disputes will be handled at the time of unloading.

Availability

Cart Service will be available during move-in and move-out.

Please visit the Freeman Service Center to complete and/or submit an Outbound Material Handling Agreement.

Please note: We anticipate that during peak periods, wait time can exceed 2-3 hours.

Vehicles that qualify:

Sedan

SUV

Pickup

Van

Vehicles that do not qualify:

Trailer

Commercial Van

Rentals

Bobtail

Stakebed

Applicable taxes will be applied to your order and invoiced accordingly based on specific venue jurisdiction but may also be based on the jurisdiction of where services are performed or your headquarters.

Hand Carry Freight

Definition

Hand carry items are small items, such as cartons and packages, that can be hand carried by only one person through the main entrance of a facility during move-in and move-out that weigh less than 200 lbs - subject to change.

Hand carry does not include the use of four-wheel dollies, two-wheel dollies, or push carts. These tools are prohibited and cannot be used to transport any hand carry material during the move-in and move-out of the trade show by an exhibitor or their exhibitor appointed contractor (EAC).
