Following your signing of the opt-in form, Jewelers Mutual will email you an invite with a link to download the "Vision Camera" app. This will be sent to you the day before the show. Program guidelines:

To participate in this special program, you will need to complete and return this [Opt-in Form](#) (click on words "[Opt-in Form](#)" to download form). The program requires participants to comply with Jewelers Mutual Insurance Company procedures by adhering to the following guidelines:

- Salon showcase window(s) cannot exceed more than an aggregate of \$500,000 USD in total wholesale value.
- Single display pieces valued more than \$50,000 USD wholesale are not covered. Pieces valued more than \$50,000 USD must be vaulted and not remain in the salon showcase overnight.
- A \$2,500 USD per exhibitor deductible (per occurrence) applies.
- All Exhibitors must vacate the ballroom no later than 7:00 PM for the coverage to go into effect. The Palazzo Ballroom on level 5, will be locked down after 7:00 PM with no admission permitted after 7:00 PM and the time of opening to exhibitors each morning unless escorted by a guard.

Additional guidelines are as follows:

- **Coverage is not provided on the set-up day, Monday, August 23, or transition day to JCK, Thursday, August 26. You must hire a guard that night or vault your merchandise.**
- Coverage is available only for the non-show hours on show days, after 6:00 p.m. until 9:30 a.m. on August 24-25 and August 27-29.
- Exhibitor is still required by Section 6 of the Exhibitor License Agreement to maintain its own property insurance covering its property on an "all risk" basis at all times.
- Salon showcase window(s) must be key locked each night prior to your departure, after the show closes at 6:00 PM each night.
- Each salon showcase window must be secured with a uniquely keyed lock.
- Coverage is available only for merchandise secured in a showcase window(s). Merchandise to be covered must be visible and able to be photographed. If you intend to stack trays or drape merchandise, you must photograph prior to doing so. Failure to do so will void coverage.

- Beyond the opt-in form, you will be required to download the Vision Camera App, and within that app, confirm that showcases are secured with a uniquely keyed lock, indicate the aggregate value (at cost) for all covered inventory left in the showcases and photograph showcases at close of show before coverage can be bound. This procedure must be done each night you desire coverage. **Failure to complete this procedure each night at close of show will void your coverage in the event of an occurrence.**
- The participating exhibitors **will not need to provide a piece count** for all covered inventory left in showcases. The participating exhibitor will still need to be able to produce the appropriate itemized inventory documentation to substantiate any claim in the event there is a covered loss, should a covered loss occur.
- A designated associate must remain in your salon every night until the salon showcase windows are locked, confirm questions within the app and the photography has been completed for that night.

A member of our Jewelers Mutual security team will be available during the show in Salon LUX928 to answer any questions.

This new procedure will allow a better experience for the exhibitors with no waiting. The technology is secure, and you will experience a very efficient process eliminating additional steps that were previously required.
